Are you ready for something new? Come explore a different and dynamic path to not only best serving children and families, but also the best YOU as a teacher. In this full day workshop, we explore a teacher’s greatest tool --- PASSION. Passion is a uniquely powerful source --- it feeds our core energy, creativity, integrity, enthusiasm and informs us of how to harvest success. The key is learning to operate from this source consistently with a clear vision; by doing so we can enhance every single aspect of work. Together we will delve into harnessing and utilizing passion as we explore your teaching vision, guided by principles of reflective practice.

We will also consider a verity of methods to expand your awareness and measurement of your effectiveness in your program while uncovering patterns of teaching to help you breakthrough any “stuck spot” or growing edges. Leave with tools to become more effective with all children, enhance your entire program and gain energy and creativity to activate and maintain the JOY in your daily work.
