

Child Care
Resource

Helping our Community Grow Kids for 30 Years.

"As a foster parent of three children under three, you truly helped make our transition with these children easier." Local parent

"For many children, the food program means predictability, a full belly, and proper nutrition."

L. Alexander, child care center teacher

"You helped me place [homeless] children in child care and that made a huge difference in the lives of the parents and the children."

Alicia Pacelli – former COTS Family Specialist

"Asking for help can be hard and humbling. I came away (from the CCR Consultation Service) encouraged and better equipped to deal with the student behavior."

Audrey Hillegas, North Avenue Alliance Children's Center

May 21, 2014

Dear

Please wish Child Care Resource a happy 30th birthday this spring with a generous donation so we can continue to help our community grow kids and realize our best future.

Did you know that we've supported our community since 1984?

We've helped more than 42,000 families find child care and supported over 13,000,000 nutritious child care meals.

Since the year 2000 alone we have advanced the professional development of over 5,700 early educators who, along with parents, are children's first and most important teachers.

The children who entered child care in 1984 are having children of their own, and there are now over 7,000 children enrolled in a child care program in Chittenden County.

Your generous donation this spring will help to ensure that these children and future generations develop to their full potential, well prepared for school and for life.

Sincerely,

Michele Campbell, *Board Co-President*
Alison Maynard, *Board Co-President*

P.S. Please use the enclosed envelope for your donation today! Thank you!
